

Project: **1st and 2nd Street Couplet and Bikelane Project**

Scope: **Stakeholder Comments to Date**

Item	Source	Description of Concern	Addressed by:
1	Chico Velo	Safe Bike circulation around proposed roundabout at Flume/2nd/1st Street	Addition of 10' Multi-use path around Roundabout for Bike/Peds
2	Chico Velo	EB Bike traffic needing a connection to the North toward Memorial from CSU at 1st/Salem to the Esplanade	Adding separated 15' Multi-use path from 1st/Salem Street to Memorial Way by widening Existing sidewalk, using parallel parking adjacent to Church.
3	Chico Fire	Firetruck conflicts with corner bulbing.	Widening throuts at intersections to accommodate additional buffer for larger turning vehicles.
4	Chico Velo/Bike Coalition	"Pinching" bikes and vehicles at intersection to 1 lane	Maintaining 5' bike lane through intersections, and also wideing throuts for intersections without bike lanes (ie Wall Street)
5	Staff	Multiple Pedestrian/Vehicle Conflicts at intersection of 1st/Broadway.	Dedicated pedetrian signal period during an all vehicle stop "scramble"
6	Downtown Stakeholder	Loading/Unloading issues at Salem/1st St	Addition of Loading/unloading zones along North side adjacent to proposed multi-use path.
7	Chico Velo	Delivery vehicles blocking proposed dedicated bike lane on 2nd Street	Use of colorized bike lane markings (shown in green) Establishment of signed/marked loading unloading zones on 2nd Street and enforcement
